Customer's Business
Manufacturers and distributors of
quality metal products & systems

"Burgis & Bullock are friendly and approachable."

About Eckold Ltd

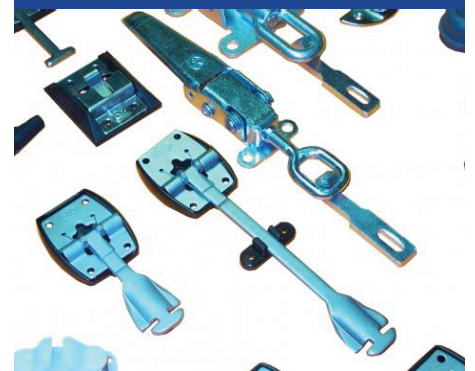

'German Swiss engineering', these three words paint a picture of high quality, precision engineering and sum up Eckold perfectly. Whilst it probably means little to the man in the street, Eckold are renowned for their world famous 'Kraftformer' range of Sheet Metal Shaping Machinery and the Clenching range of Metal Joining Machinery and Tooling. Eckold Ltd is the UK arm of the business supplying innovative quality products and systems for the Aerospace, Automotive, Commercial Vehicle, Engineering, Medical and Rotational Moulding industries.

The Challenge

Lynda Green, MD of Eckold Ltd was not happy with the guidance and support they were receiving from their accountants. Lynda and her team needed appropriate Management Information to help guide and inform their decision making in the day to day financial control of the business.

As most of Lynda's management team were not accounting personnel by training, they were also frustrated by their previous Accountants inability to talk their language and explain things in plain English, so everyone could understand.

"We've been with them for years. They're 100% better than our previous accountants; They have more of a layman's approach and made it easier for non accounting personnel to understand accounting procedures."

The Solution

That was long ago, Burgis & Bullock have been Eckold's accountants for many years. In that time numerous other financial issues have been addressed with the enthusiastic help and support from the Burgis & Bullock team. These include not only Management Information, but also payroll, year-end compliance, Audit, the directors personal tax and help with auto-enrolment and companies pension scheme.

The results:

The need for regular, accurate and timely Management Information to help Eckold's management team make the right financial decisions at the right time was met.

Reason for choosing Burgis & Bullock over other providers:

"They've benefited the business as we now have a more concise accounting facility."
